

ROLAND DZOAGBE

Senior IT Manager • Infrastructure & Cyber Operations • Service Delivery

+33 7 82 88 46 46 | rolanddzoagbe@gmail.com | linkedin.com/in/r-dz | Bondy (93), Île-de-France | Bilingual EN/FR

PROFESSIONAL PROFILE

Senior IT Manager with over 10 years of experience in IT infrastructure, cybersecurity, and operational service management, including 7+ years leading multi-tier teams (Tiers 1–3, up to 8 engineers). Recognised expertise across **Microsoft 365, Azure, Entra ID (Governance, Conditional Access, PIM), Intune, and Defender**, combined with **ITIL**-based service governance, contractual monitoring (SLA, KPI, response and resolution targets), and executive reporting. Operational lead during the Paris 2024 Olympic and Paralympic Games (600+ users, 24/7 mission-critical environment). Strong command of client relationship management, GDPR compliance, BCP/DRP, and automation through PowerShell and Bash. **ITIL 4 Foundation** — internal certification completed; official accreditation pending.

PROFESSIONAL EXPERIENCE

Infrastructure & Delivery Manager — Paris 2024 Olympic Games

March 2024 – December 2025

The iLUKA Collective, then Host Broadcast Services (HBS) — International Olympic operations

Fixed-term engagement — Olympic & Paralympic event operations • 600+ users • 8 engineers (Tiers 1–3) • 24/7 mission-critical operations

- Operational leadership across multiple international sites: monitoring of contractual commitments (SLAs and response/resolution targets), with performance dashboards and executive reports delivered to client and senior management.
- Governance of **GDPR-compliant access controls**, audit traceability, and security compliance during mission-critical event operations (250+ users, iLUKA scope).
- Coordination of vendors, service providers, and event-management platforms (Eventim ticketing): configuration, user training, access control, and reporting workflows.
- ITIL multi-tier team management** (Tiers 1–3, 8 engineers, HBS scope), restructuring incident and change processes — **80% reduction in MTTR** with improved SLA compliance.
- Enterprise security: **Microsoft Defender for Endpoint, MFA, Conditional Access, firewall policies** across multi-site environments. Application of **PIM** procedures for time-bound privilege elevation. Automation through PowerShell.
- Coordination of critical incidents and crisis management: rapid containment, multi-level communication, end-to-end resolution tracking. **BCP/DRP** procedures maintained in permanent operational readiness.
- Infrastructure projects: network modernisation, Windows Server upgrades, **Autopilot/Intune** deployments — **30% faster provisioning**.
- Shared IT documentation** (procedures, knowledge base) ensuring operational continuity and team skills development.
- IT budget oversight, procurement management, and executive reporting.

Group IT Manager

May 2023 – October 2023

AKUR8 — InsurTech SaaS scale-up (international)

Transition assignment • 50+ international users • High-growth SaaS environment

- Management of IT operations within a GDPR-compliant SaaS environment, including administration of **IAM platforms (Okta, Google Admin)** for over 50 international users.
- Oversight of the IT budget, procurement, and vendor management, with active cost-optimisation initiatives.
- Handling of escalations and coordination of software and infrastructure upgrades, following **ITIL change-management processes**.

IT Manager

July 2022 – March 2023

Zenly (Snapchat Group) — International SaaS

Assignment ended following the closure of the Paris office by Snap Inc. • 180+ users • Scale-up environment

- Management of IT infrastructure and end-user support for over 180 international employees across **Windows, macOS, and Linux** platforms.
- Administration of SaaS solutions and IAM tools (**Okta, Google Admin**), with active optimisation of resources and operating costs.
- Achieved a **15% reduction in SaaS licensing costs** through access audits. Strengthened documentation, processes, and **DRP** readiness.

IT Support Analyst

June 2021 – July 2022

Dechert LLP — International law firm (Paris, Luxembourg, Brussels)

- Multi-country IT support delivered through **ServiceNow** within a GDPR-regulated environment, sustaining an **SLA compliance rate above 99%**.
- Administration of **Active Directory**, **Windows Server**, and **Citrix Workspace** environments.
- Mobile-device fleet management (**AirWatch**, **Azure MDM**) and configuration of Cisco-equipped meeting rooms.

IT Technician / IT Supervisor

February 2018 – February 2021

Artemys Paris — Clients: DBV Technologies, OPCO Santé

200+ users · 2 client sites · Tier 2/3 support

- Tier 2 and Tier 3 support, with administration of **Microsoft 365**, **Azure**, and **Google Workspace**.
- Led Windows Server migration and workstation refresh projects. Configured Cisco switches, increasing **network availability by 25%**.
- Optimised employee onboarding and offboarding processes and strengthened IT documentation.

N1/N2 Support Technician

February 2017 – January 2018

Cabinet Alain Bensoussan — Paris

- Administration of **Active Directory**, IT-asset management, and mobile-device fleet management for approximately 200 users.

Earlier career (2009–2017): Medical sector — developed transferable skills in communication, problem-solving, and operational management under pressure.

KEY ACHIEVEMENTS

-80% MTTR — restructured Tier 1-to-3 teams with service-oriented KPIs under the ITIL framework.	600+ Users in 24/7 operations — zero downtime across critical international sites, with BCP/DRP fully operational.
JOP24 End-to-end IT delivery for the Paris 2024 Olympic and Paralympic Games — full operational ownership of infrastructure and service delivery.	+30% Deployment velocity — Autopilot/Intune with structured change management.
+99% SLA compliance at Dechert (international law firm, regulated environment).	-15% SaaS licensing costs at Zenly — IAM access audits and rationalisation.
